

# MASCULAR

MAGAZINE

## SUBMISSIONS

Your submission can be sent to us via e-mail or a web-based file sharing system such as Dropbox.

Please do not format your submission in the form of a document or spread, as the design and layout of the magazine are taken care of in-house. All we need are the files. Please contact us if you have special requirements regarding the display or arrangement of your works.

Images should be 11 inches/28 cm on the short side and at a resolution of 300 dpi. We can generally work with all file formats, but generally JPEG or TIFF files are best. We generally ask for 7-10 images so we can make a selection.

Please contact us if your submissions is not in the form of images (text, audio, video or interactive) and we can discuss how to proceed.

In addition to the works we need the text or copy to go with the images. This should give readers some insight into the works, your approach as an artist, your inspirations, the project itself or whatever you like - hopefully you would also explain the link between the submission and the theme for the magazine. It is desirable that the text be in your native language with an English translation (which we are happy to help with).

We need a brief bio (approximately 150 words) and a portrait of the artist.

Finally, we need the e-mail and website(s) you would like us to include.

You can read more about the theme and deadline for a given issue on the Submissions page at [www.muscularmagazine.com](http://www.muscularmagazine.com).

You are welcome to contact us at: [submissions@muscularmagazine.com](mailto:submissions@muscularmagazine.com).

Please note that all complete and timely submissions will be considered for inclusion within the magazine, however not all can be included. Editorial decisions on what will be included in a specific issue are taken during the 2-3 weeks after the deadline and immediately prior to publication. When you submit works to MASCULAR Magazine, you are confirming that the material belongs to you, that you are the holder of the copyright, and that you have the consent of the subjects within the works for them to be included in our magazine.
